When it comes to safety, we are leaving nothing to chance.

360° Comprehensive Preventive Measures / Enhanced Cleaning Process

Over 40 health and safety measures cover eight areas of the ship ranging from embarkation and disembarkation, cabins, public spaces, safe food and beverage handling procedures, recreational facilities, ventilation systems, medical services and crew safety.

100% Fresh Air Ventilation System, No Air Re-Circulation

Incoming air is filtered and a dedicated ventilation system redirects air out of the ship to ensure no re-circulation of air between cabins. Air intake and exhaust are on opposite sides of the vessel.

Well-Equipped Medical Centre

Well-equipped medical centre with COVID-19 testing capability. Doctors including an Infection Control Officer available on every sailing.

Regular Sanitisation

On-board disinfection and cleaning has been stepped up. All public areas of the ship will be cleaned multiple times throughout the day to ensure a safe cruise for all.
